TESTIMONIALS.

BLEEDING PILES.—I had the pleasure of giving a pot of "THILUM" to a lady patient for Piles having heard from my Assistant that he had derived great benefit from its use when suffering from bleeding and painful hæmorrhoids. It gave him instant relief and finally cured him, and I am happy to say that the remedy has proved equally efficacious in the case of the lady I refer to.

GEO. WILKIE, Medical Practitioner.
Moulmein, 23rd December, 1880.

FOR PAINS IN THE LEGS, BACK, &c.—I consider Henry's "Thilum" one of the best remedies I have ever used. It cures itch as I have proved by trial among the boys and girls of our Mission. After careful trial I can recommend Henry's "Thilum" for pains in the legs, arms, back, sore throat and itch. It is by far the best ointment I have ever used for these diseases.

D. DOWNIE, Missionary Amer. Bap. Teloogoo Mission.
Nellore, 23rd October, 1880

NEURALGIA.—I thank you very much for the "Thilum," it cured my wife of exceptionally severe Neuralgic pains in the face in less than 10 minutes securing for her perfect rest, prior to its use, long absent.

COMMERCIAL INTELLIGENCE

SATURDAY EVENING, JUNE 11.

THE London stock market yesterday was without movement so far as regards the items generally quoted by Reuter, and Bar Silver was also unchanged at 51¼d., but to-day's quotation comes 51⅜d. per oz.

Coffee and Cocoannt Oil are quoted as previously, but Linseed and Rapeseed are both quoted firm, Wheat steady, and all three are partially 3d. to 6d. per quarter higher to arrive.

The Liverpool Cotton market yesterday closed firm, sales 10,000, and to-day quiet, sales 7,000 bales; prices unchanged throughout. In New York ready Mid-Uplands are still unaltered at 11-1-16 cents, but September shipment, which yesterday advanced from 10·65 to 10·74, has receded again to 10·70 cents per lb.

Our usual weekly comparison of the statistical position is subjoined. The total visible supply of cotton for all Europe has decreased during the week by 40,000 bales, but still stands 400,000 bales over last year; and the Liverpool stock is 2,000 bales larger on the week, 10,700 bales in excess of the corresponding date last year. Figures, however, have now about exercised their full effect, and for some time to come the leading influence will be the reports regarding the growing American crop. So far they are most promising, and so long as they continue so there can be little hope of prices advancing.

The American crop figures to date give the following comparisons with the two previous seasons:—

	1881.	1880.	1879.
Week's Receipts	29,000	18,000	7,000
" Exports to U. K.	33,000	34,000	7,000
" " to Continent	17,000	16,000	5,000
Total Receipts since 1st Sept.	5,549,400	5,772,600	4,396,500
" Exports to U. K. "	2,522,600	2,336,000	1,955,700
" " to Continent "	1,618,700	1,220,900	1,374,400
" Stock in the Ports	431,000	352,000	232,000
Saturday's Receipts	4,000	3,500	1,000

The total visible supply of cotton for all Europe on the 10th instant compares as follows with the two previous years:—

	1881.	1880.	1879.
Total supply of all kinds	2,700,000	2,300,670	1,723,810
" " " Surats	564,000	391,330	433,190
For the U. K. only the figures are:—			
Stock in Liverpool	901,000	796,720	590,780
" London	48,000	51,080	37,400
American Afloat "	150,000	200,000	122,000
E. Indian "	112,000	152,000	193,000
	1,214,000	1,199,800	943,180
Price of Mid-Uplands	6 3-16d.	6 13-16d.	7d.
" Fair Dhollera	4¼d.	4 15-16d.	5 9-16d.
Difference	2 1-16d.	1¼d.	1 7-16d.

EXCHANGE.—The market opened again with a very weak feeling, and a decline of 3⅛d., which during the day developed into 1-16d. on private paper, and even at that the tone at the close was still in favor of a further fall. So far as Bombay alone is concerned, in fact there seems nothing now to afford any support to the market, and a very general opinion prevails that we shall see demand Bank Bills at 1s. 7d. per rupee in the course of a few weeks. Closing quotations are:—

Bank Bills on demand	1s. 7 9-16d.	per rupee.
Do. telegraphic	1s. 7 17-32d.	"
Do. 3 months' sight	1s. 7 21-32d.	"
Credits, 4 " "	1s. 7 ¼d.	"
Documents, 3 " "	1s. 7 25-32d.	"
Francs, 3 " "	2·08 to ½	"

On Calcutta we still quote demand at par to 1-16 per cent. premium, 60 days' sight at 7-16 per cent. discount.

GOVERNMENT PAPER opened firm, but there has been much less excitement apparent, and at the close the tone was quiet at Rs. 104⅞ for Fours and Rs. 111⅞ to 15-16 for Fours-and-a-half.

SHARES.—A very firm feeling prevails with a fair extent of business passing. Banks are all unchanged. In Land Companies Colabas have advanced to Rs. 1,060, Port Cannings to Rs. 212½. Press Companies are irregular. Spinning and Weaving Mill shares are steady, and in some cases Rs. 5 to Rs. 10 higher, but Consols have advanced Rs. 30 and Madras United Rs. 25.

COTTON keeps very firm at unaltered prices. There is very little doing in the shape of fresh buying for export, but to cover in previous sales some lots of Good and F. G. F. Dholleras have again changed hands at Rs. 190 and Rs. 182, respectively.

SEEDS and Wheat are unchanged.

FREIGHTS by steam, although quiet, are pretty firm at about previous rates, but by sail there is some pressure to relet at lower figures.

PIECE-GOODS show no improvement of any kind on the spot, and dealers have not seen enough of the rains to render them confident about the future, although, so far as we have gone, prospects are undoubtedly favorable.

COALS continue quiet at former prices.

An occasional correspondent writes from Lahore as follows :—Your estimate of the damage to the Lahore water-works is somewhat exaggerated. The damage done to the neighbouring old and tumble down houses amounts to between one and two thousand rupees. The renewal of the reservoir with the old material will cost about Rs. 50,000 or 60,000. The masonry is reported by the engineers to be first class, but the design is disproportionate to the superincumbent weight and the weakness of the loose soil below.

We regret to state that Major W. H. Pierson, R. E., who accompanied General Kennedy's column in the Waziri expedition as Chief Engineer, and who we stated the other day was seriously ill with dysentery at Bunnoo, has succumbed to the disease. He died on the 2nd instant.

Favourable reports of the plague continue to arrive from Bagdad. The disease is expected shortly to cease.

The Government telegraph steamer, which left Bombay about eighteen days ago, arrived at Aden on Saturday morning. She was knocked about a great deal in the late cyclone, and was rather severely damaged.

All the local Governments and administrations have been called upon to furnish a report as to how far the order of the Government of India for the larger employment of Muhammadans in the public service has been carried out.

The cattle disease in Kachar is reported to have abated, after very nearly ten thousand animals have fallen victims to it.

With regard to the salaries of the Judges of the Calcutta High Court, in future salaries of native Judges of High Courts are to be two-thirds of those of their European confreres.

Captain J. H. Newall, Political Agent, 1st Class, has been transferred from the Rajpootana Agency to Bussorah, Persian Gulf.

Major Beynon having vacated his appointment as Political Agent, Eastern Rajputana States, has been succeeded by Colonel Bannerman, Political Agent, Bhopal ; the vacancy at Bhopal has been filled by the transfer of Colonel Kincaid from Sirdarpore.

Mr. George Batten has almost entirely recovered his health, and is likely to return to India at the beginning of next cold season.

Apropos of Zeman Beg's movements, the *Pioneer* understands that the Government knew of his presence in Kabul some time ago. He did not stay long in the city, and his present whereabouts is unknown.

General Richard Strachey, true to official (or family) traditions, is said to have strenuously attacked, in the India Council, the principle of entrusting the constructing of railways in India to private enterprize, and to have followed up his protest with a strong minute in the same tone. The gallant General has all the weight of commonsense and obvious expediency opposed to him ; as also, the *Poioneer* is glad to add, a large majority in the Council of which he is a member.

The *Indian Daily News* thinks "the Government would do well to call for a full and unbiassed report upon the block in the traffic over the Western Rajputana Railway. The break of gauge has resulted in such an accumulation of traffic as to make the continuance of the Strachey-gauge lines a matter for very grave consideration. At Sabarmati many miles of sidings have been constructed, but these only intensify the evil. It is a somewhat singular comment upon the Strachey-gauge, that the merchants of Guzerat should have started a bullock-carriage train between Palanpore and Sabarmati, in order to expedite the delivery of goods by the railway. We in Calcutta are chiefly interested in this question, because the link between Nagpore and Calcutta is being constructed upon the narrow-gauge system. The fact is, as we have repeatedly contended, that whilst short lines, which are purely feeder lines, may very profitably be constructed upon the narrow gauge, all trunk lines, carrying a through traffic, or lines of value from a strategical point of view, should be constructed upon the ordinary Indian gauge."

The Punjabis are dissatisfied with the arrangements for carrying the outward English mails from Bombay. A few days ago it was announced that a settlement of the difficulty had been arrived at by an arrangement that the incoming mails should be forwarded by the shorter route from Bombay *via* Ajmere, so that, even with the present railway service, they might be delivered in Lahore on Friday evenings, instead of on Saturday mornings, as at present. But this arrangement has been again postponed. A correspondent sends the Lahore paper the following as the official explanation :—

"In reply to your letter dated 27th May, I have the honour to state that no arrangements for the conveyance of the import overland mail by the Rajputana State Railway have yet been made by the Inspector-General, P. M. Service, who has intimated that, as soon as satisfactory working is secured throughout the Rajputana State Railway line, this route will be adopted for the transit of import overland mails. The above route has, however, been adopted for the transit of *export* overland mails, as well as inland correspondence from Madras and Bombay Presidencies, for the Punjab, and stations above Toondla in the N. W. P."

The *Civil and Military Gazette* remarks on the above :—"We are aware of the difficulties the new line have to overcome, but surely good arrangements can be made for the punctual running of at least the *mail* trains. It is to be hoped that the officers of the new railway will quickly remove all cause for such a serious charge as has been brought against them by the Post Office. In view of their doing so, no doubt the S. P. and D. Railway will have their arrangements completed for the rapid transit of the mails over their line. With them it is, we believe, now simply a question of expense. They are bound to the Government to run one fast (and consequently expensive) mail train per day, but they do not see that they should sacrifice so much to the interests of the public as to run a second train without some consideration from the Government. This is reasonable, but surely the Postal Department will be willing to share the expense. Perhaps the best solution of the difficulty would be that a special train should be run once a week from Delhi to Lahore, in connection with the train for Bombay carrying the English mails. This would serve the double purpose of being a great boon to through-passengers from England to the Punjab, as it would shorten their journey by 15 hours, and no doubt many residents in India would derive the same benefit by suiting their journey to mail days. Judging from the railway charges for special trains (which are framed to give a large *profit*), we should say that the actual cost of running such a train once a week would be Rs. 600. Of this amount no doubt Rs. 200 would be easily re-couped by charging a higher fare by the special train, thus Rs. 400 per week would remain, which the Postal Department could surely afford to pay, to enable the Punjab mails to be delivered one day earlier than at present. If the Postal Department cannot afford such an expense, perhaps it might be desirable to get the supplementary train by public subscription."

Sir A. C. Lyall, Foreign Secretary, it is stated, will probably take six months' leave next August.

The return of mortality in the N.W. P. and Oudh for the month of March last shows an increase of deaths during the month, by 6,818 against the figures of the previous month and by 12,737 against that of the corresponding month of last year.

Some of the native papers—the *Amrita Bazar Patrika* especially—have been writing about a recent investigation into certain absurd charges brought against Mr. Fisher, C.S., who is acting as Magistrate and Collector of Meerut. The local Government has by this time received a report on the subject, and will doubtless pass orders on it in due course. Meanwhile, the *Pioneer* says it is no secret that the investigation showed—as all sensible persons expected it would—that the charges brought against Mr. Fisher were not only false, but also ridiculous.

In the Waziri expedition, Generals Kennedy and Gordon were given *carte blanche* in the matter of a meat ration, and the native troops had fresh meat two or three times a week. To this is attributed the fact that they were enabled to do long and trying marches in the best possible form, and the percentage of sick was strikingly low. If the fresh meat ration had been more generally adopted in the Afghan War, it is believed we should have heard nothing of the terrible outbreaks of scurvy at Thull and elsewhere.

There seems to be some doubt now whether the Waziris will pay their fine. The Lahore paper has "reason to believe that the Waziris will decline to pay the heavy sum, even after deduction of the cost of supplies given to our troops when in the country." The news which was lately published to the effect that Mushak Khan, the uncaptured ringleader of the Tank outrage, went from Kanigooram to Cabul with the Ameer's envoys, has again been confirmed.

On May 15th last, a somewhat curious step was taken by the Burrisal Brahmo Somaj. On that day the Officiating Secretary of the Somaj, Baboo Chundi Churn Sen, ordained two missionaries—one was Baboo Kali Mohun Dass, the other was Srimati Manorama Mozoomdar. This, a Calcutta paper believes, is the first occasion on which a respectable Hindu lady has been ordained as a missionary in the Brahmo Somaj.

The Bombay correspondent of the Allahabad paper alludes to the departure for England of "a Dr. R. N. Khory, who has on hand a rather serious dispute with a Surgeon-Major of the Bombay Establishment, who also recently proceeded to Europe. The case has already been before the Censors of the London College of Surgeons, and there has evidently been some unprofessional conduct somewhere, about which we shall now hear some more. I have seen a pamphlet issued by Dr. Khory in the matter, but as I have had no opportunity of hearing the other side, I shall not advance any opinion on it."

The *Civil and Military Gazette* hears from Peshawur that a messenger recently arrived from Kabul reports that arrangements were being pushed on rapidly for the Ameer's departure towards Kandahar, and the astrologers having decided on the 8th instant as an auspicious day. His Highness was to have set out on that date. Another item of Kabul news, of some importance, is that General Mahomed Jan has refused to accompany the Ameer, and has left Kabul.

The Judge of Alipore, Calcutta, has reported to the High Court the circumstances which led the Subordinate Judge of that station to apologise the other day, in open Court, to one of the pleaders practising before him. A Calcutta contemporary remarks :—"A Subordinate Judge holds a position of such responsibility as to make any dispute between himself and the bar of his Court a matter far, indeed, removed from a merely personal quarrel, and it may be said that the fact of his having left himself so much in the wrong as to apologise in open Court whilst a complaint against him was pending consideration by the District Judge militates against his efficiency. At all events we think that when a complaint is made by a member of a bar against a Judge, it should not be allowed to fall back into a merely personal matter, as if it concerned private individuals only, and certainly should not be allowed to be withdrawn."

Directions for the assembly at Simla of the Committee to report on Mountain Battery equipment appear in General Orders. Instructions for the guidance of the Committee are to be communicated to the President by the Deputy Adjutant-General, Royal Artillery, in India. The *Pioneer*, it would appear, has been favoured with an "advance copy" of the instructions, for that paper assures us that the Committee "will direct its attention to equipment, establishments, packing and distribution of loads, and drill. Under the heading 'Equipment' will be embraced, revised equipment tables, harness and saddlery, arms and accoutrements for all ranks, reserve ammunition, dress of officers, clothing of Europeans and natives of all ranks, camp equipage, pattern of tent recommended. The Committee will consider all the points suggested in their instructions in connection (1) with European batteries equipped with the 400 lbs. gun in Bengal, Madras (including Burmah), and Bombay, and also with the 200 lbs. gun ; and (2) with native batteries equipped only with the 200 lbs. gun in the Punjab Frontier Force and in Bombay—in each instance as 4 and 2 gun batteries." The object is to carefully consider the question of the equipment and establishments of mountain batteries throughout India as a whole, and it is believed that certain portions of the establishments can be dispensed with, without impairing efficiency, while other items may be added which are absolutely necessary. A slight saving is expected to follow the reforms which the Committee may recommend, and this will in some measure meet the extra cost to be incurred by the general introduction of the 400 lbs. screw-gun, the merits of which are unquestionably very great. Many vexed questions of equipment, establishment, drill, dress, &c., will also be settled, and uniformity will be secured throughout al mountain batteries in India. The Officer Commanding Royal Artillery at Jutogh has been ordered to afford every assistance to the Simla Committee, the deliberations of which will extend over two months."

For some time the Attorneys of Calcutta have been agitating certain rights which they consider should be extended to them. The president to the Attorneys' Library has now received the following letter, dated June 3rd, from Mr. H. M. Kisch, Under-Secretary to the Government of Bengal, in the Judicial, Political, and Appointment Departments :—

"Sir,—I am directed to acknowledge the receipt of your letter, dated the 27th April last, and in reply to inform you that an application has this day been made by the Lieutenant-Governor, through the Government of India, to the Queen to issue to him an Order in Council, directing "The Colonial Attorneys'Relief Act (20 and 21 Victoria, Chapter 30) to come into operation in the territories administered by the Lieutenant-Governor of Bengal."

To give a medal for the Waziri expedition, the *Indian Daily News* considers would be just as wise and just as proper as to give a medal for the hunting down of the dacoits of Wassudeo Bulwant Phadke. The *Englishman* asks :—"Is it with a view to make the granting of medals ridiculous that a report is being circulated that an application is to be made for a medal for the late Waziri expedition ? A medal might almost as well be applied for a field-day at Aldershot."

In regard to Mahomed Hyat Khan's case, the *Pioneer* hears that in consequence of the line taken up by that officer in his defence, in which he urged that the inquiry was so conducted as to prejudice his case, and to cause him to be unable to answer the specific charges brought against him, the Government of India have resolved to institute a public trial, under the Act of 1850—"For regulating inquiries into the behaviour of public servants." This course is also rendered necessary, as the Court of Inquiry agreed in finding Hyat Khan guilty on certain charges ; and the report furnished by Mr. Barkley and his colleagues did not enable the Punjab Government or the Government of India to conclude that the original charges were without some basis of truth. Under the Act of 1850, the charges will be formally framed, and under its provisions Commissioners will be appointed to examine into them. The Commission will, it is believed, assemble with the least possible delay, now that the decision of Government has been declared.

GOD SAVE THE QUEEN.

Prince's Dock.—The s. s. Peer of the Realm left the dock on Friday.

A Wolf Killed at Bandora.—A large wolf was killed at Bandora on the 11th instant by Mr. D. D'Abreo.

Bombay Native Dispensary.—The total number of new patients treated during the last month at the head branch of this institution, Dhobi Talao, was 2,025, the average daily attendance being 281.

Municipal Corporation.—Both the adjourned quarterly and special general meetings of the Corporation, which were to be held on Saturday afternoon, were adjourned till Tuesday, at 3 p. m., for want of a quorum.

Theft.—Babunbi, woman, was on Saturday last convicted by Mr. Dosabhoy Framjee of stealing sundry silver ornaments, &c., of the collective value of Rs. 13-4-0, the property of Mugroo Rundeer. She was sentenced to one month's rigorous imprisonment.

Cruelty to Animals.—The following is a summary of cases prosecuted by the Agents of the S. P. C. A. during the week ending the 11th instant :—Horses, 8 lame ; bullocks, 18 lame, 32 sore necks, and 1 emaciated. Total number of cases 58 ; amount of fine Rs. 134.

Fort Gratuitous Dispensary.—The total number of patients treated during the last month was 5,414, the average daily attendance being 174. There were 953 new admissions. Of the total number of patients 1,903 were children. Fourteen children were vaccinated during last month.

Fatal Accident.—The adjourned inquest into the circumstances connected with the death of Rahim Lall, aged fourteen years, who died from the effects of the injuries he sustained by the floor of a house situated on the Byculla flats having suddenly fallen in on the 5th instant, was resumed on Friday last, at the Coroner's bungalow, Byculla. A verdict of accidental death was returned.

An Old Offender.—Sittaram Shivlal, a notorious character, was on Saturday called upon, at the instance of Mr. Inspector Chislett, before Mr. W. Webb, to show cause why he should not find security for his good behaviour, he being a man of notoriously bad character. The prisoner admitted being an old offender, and was ordered to furnish two securities for his future good behaviour in the sum of Rs. 500 for a period of twelve months, or in default to suffer rigorous imprisonment for that period.

Death from Poison.—An adjourned inquest was held on Friday last, at the Coroner's bungalow, Byculla, touching the death of Habibee, a Mahomedan woman, who on the 19th May last swallowed a quantity of mercuric nitrate, which was kept in an eau-de-cologne bottle. The deceased took what she thought was eau-de-cologne, to relieve a pain in the stomach. She died at the J. J. Hospital from the effects of the poison. The verdict was that the death of thedeceased was caused by mercuric nitrate which she administered to herself by mistake.

Juvenile Thieves and Their Accomplice.—Two Hindoo lads, named Boodia Jairam and Gennia Malona, and a woman named Yemni, were on Saturday last convicted by Mr. W. Webb, prisoners Nos. 1 and 2 of stealing a bag containing sundry small articles and cash, of the collective value of Rs. 4, belonging to a woman named Baji, and prisoner No. 3 of voluntarily assisting in concealing and disposing of the stolen property. Prisoners Nos. 1 and 2 were sentenced to receive three stripes each with a rattan and prisoner No. 3 was sentenced to one month's rigorous imprisonment.

Secretariat Appointments.—Some of the recent appointments to important posts in the Secretariat here have been made with a stricter regard to considerations of ability and deserts than was hitherto the custom, thinks the *Rast Goftar*. In noticing the appointment of Mr. Jehangeershah E. Kohyar to the Reportership of the Native Press, the paper expresses its thorough approval of the choice of a young gentleman of tried ability and official experience. It regards this and one or two recent nominations as marking a healthy departure from the rule of promotion being regulated by mere seniority or influence.

Charge against Poona Policemen.—We have received some particulars of an assault committed upon a dhobie in the employ of the Reverend Mr. Clarke, at Ghorepoorie, last Wednesday, in which three native policemen and a chowdry of one of the European regiments are implicated, but we refrain at present from publishing them, as a representation has been made to Colonel Seymour, Commanding H. M.'s 4th Rifle Brigade, who will, no doubt, look into the matter, and order the parties to be prosecuted if necessary.—*Deccan Herald.*

Our late Royal Visitor.—King Kalakua offers a splendid contrast to the asthmatic and elephant-riding Raja whose life never rises above shows and shadows. It would be interesting to know if His Majesty has formed any definite views as to those whom he intends importing from Bombay. We can spare him about a thousand Graduates in Arts and Medicine, and at least fifty Khan Bahadurs.—*Indian Spectator.*

The Corporation and the Police Grant.—The memorial to the Secretary of State for India, anent a piece of bureaucratic brigandage of the provincial Government, which was adopted at the meeting of the Corporation on Wednesday last, is a document worthy of the committee that prepared it and of the city that has the independence to resist the unconstitutional proceedings of her rulers. It puts the whole case of the exploitation of Rs. 15,000 from the annual police contribution in vigorous and clear language. We commend a perusal of it to all interested in preserving the independent character of local self-government.—*Indian Spectator.*

Mail Cart Accident.—The mail cart bound for Belgaum met with a very bad accident on Sunday last. The horses shied suddenly at seeing some water collected on the streets near Kikvi, and the pole of the cart was broken and two passengers who were sitting behind fell and the cart ran over them. One man was but little injured ; the other, a Lyngayat Swamy, was killed, the wheel passing over his head. Notes worth about 4,400 rupees were found on his person. The *Mahratta* hopes the contractor will take such precautions as are to ensure the safety of passengers who may be willing to avail themselves of his conveniences.

COURT-MARTIAL.

At a general court-martial assembled at Quetta, on the 17th May, Jemadar Shaikh Chand, of the 4th Regiment Bombay Native Infantry (Rifles), was arraigned on the following charge :—

With gross neglect of duty, to the prejudice of good order and military discipline, in the following instances :—

First. In having, at Kuch, on the 22nd January 1881, neglected the regimental order, conveyed to him personally by Subadar Sewnac Chaugnac, the orderly officer of that day, to join the party of Naik Goordut Sing, in charge of two Pathan prisoners, to his own large party engaged in escorting engineers' stores from Kuch to Quetta ; to consider the party of the Naik as a portion of his own command, and to take extreme care respecting the two prisoners, so that they should not escape ; by not joining the said party of the Naik to his own command ; by not coming near the said party throughout the day ; and by permitting the men under his command to remain scattered during the entire march.

Second.—In having, after his arrival at the encamping ground beyond Goorkee, on the same day, failed to take proper measures to ascertain when Naik Goordut Sing had halted his party, in consequence of which neglect Jemadar Shaikh Chand remained isolated from the party of the Naik, and the two Pathan prisoners under his charge were enabled to effect their escape.

The Court found the prisoner guilty of the charge in both instances, and sentenced him to be dismissed from the service.

The proceedings and sentence have been confirmed by H. E. the Commander-in-Chief.

"I have been for some past years a great sufferer *from spasmodic asthma.* A friend kindly sent me a box of *Grimault's Indian Cigarettes.* I found them quite effectual, and much more agreeable, and less irritating than the other preparations of that kind hitherto known."—W. Little, Manchester."

A CHARGE OF ADULTERY.

On Saturday last Mr. Charles A. Haller, in company with his pleader, Mr. D'Souza, appeared before Mr. W. Webb, at the Fort Police Court, and filed the following information against a Mr. Thomas Edward Coleman, a press reader in the Government Central Press, charging him with adultery :—"I am a Signaller in the Government Telegraph Department and work as such at Indore, and am at present on leave in Bombay. I was lawfully married to Susan Ezekiel in Madras in a Baptist Chapel at Vepery High Road on or about the 26th May, 1870. I became acquainted with one Thomas Edward Coleman in or about the year 1874, and since then our acquaintance ripened into friendship, and I admitted him in my house as a lodger and boarder towards the end of 1874. I have since learnt from witnesses, as also from admissions made by my wife, that there has been improper intercourse between my said wife and the said Thomas Edward Coleman since the year 1875, and that they were seen together on various occasions under such circumstances as to leave no reasonable doubt that the said Thomas Edward Coleman committed adultery with my wife, Susan Haller, while she was living in Bombay. I therefore charge the said Thomas Edward Coleman with having committed the offence of adultery, under section 497 of the Indian Penal Code, and I pray that process may issue for his appearance, and that he may be dealt with according to law."

His Worship granted a summons against the accused, which was made returnable on the 17th instant.

THE GOVERNMENT RESOLUTION IN THE KOHLAPUR CASE.

The Resolution begins by re-stating the story of the conspiracy as relied on by the prosecution—with the details of which our readers are familiar—and proceeds to examine into the evidence for the march of the "rebels" to the church, for the purpose of murdering all the Europeans, which was the "overt acts" of treason. It is pointed out that of the 46 witnesses produced for the prosecution only two made any reference to the "proceedings of that evening." Their evidence, it is argued, was largely hearsay : and the Resolution proceeds :—

The question now to be considered is whether it is proved that those of the accused who have been convicted under section 121 really did proceed to the church for the purpose of killing the Europeans assembled there.

The Assistant Political Agent, after stating his view of the law, thus expresses himself—"It will therefore be necessary, in order to convict any of the accused under section 121, to establish the fact that they intended to wage or levy war, and that they committed an overt act towards that end, the overt act in this instance being the marching armed from Khiru's house on the night of Sunday, 7th November 1880, with the intention of murdering the Europeans in the church as a preliminary to oversetting the State Government." Now, what evidence is there of this so-called overt act ? The "marching armed" may be described in the Assistant Political Agent's own words. He says, "This latter party" (meaning Rambhat's) "having satisfied themselves of the presence of the other two gangs made a start for Khiru's to receive his blessing and a promise of successful issue to the undertaking. They carried swords with them wrapped up in bundle of old plantain leaves. They appear to have arrived at Khiru's at about 6-30 p.m. : then arguments occurred, Khiru becoming fainthearted at the last moment and expressing himself sceptical as to the number of men who had come from the outside villages. In this manner time was wasted, and by the time Khiru was persuaded to give the charmed ashes and lemons his blessing, and the charge to murder all the Europeans, it was getting on for 7 p.m. The gang started on their way, some of them further armed themselves with fire-arms. Arrived at the Jitinala, within one-third of a mile of the church, their courage began to evaporate in spite of Khiru's charm and promises. One of the party, however, having foreseen such a contingency, had thoughtfully provided a chillum of ganja to fortify themselves with : and while they were thus working themselves up to a pitch of recklessness, two of the gang were sent on to the church to see if the Europeans were all ready to be killed. The delay, however, had been fatal to the enterprize, for just when the band at the nala had arrived at the stage of being fit for anything, the two messengers came running back to say the Europeans had left the church and gone home. Nothing remained therefore for it but to return home also, and after wrangling at it amongst themselves as to who was responsible for the delay, they agreed to meet again next Sunday and take such precautions as should ensure success. They then dispersed, &c." This then is the case against the accused concerned, and the Assistant Political Agent has certainly not understated it. Where he omits all information that Rambhat's gang satisfied themselves of the presence of the other two gangs it is difficult to discover ; and when he says that some of them further armed themselves with fire-arms, he only refers perhaps to the pistol which Aba, prisoner 5, in his retracted confession said Mulhari, prisoner 12 (who was not convicted under section 121), carried, and to the gun with which Babajee, according to the approver Ganyan in his original statement, armed.

Rambhat himself appears to have had a very indistinct notion of what was done on leaving the house of Khiru, for when asked "Where and what for did those who were supplied with ashes (Sunday go?" he replied, "I do not know, but according to the arrangement concluded on Friday I think they probably must have gone to kill the sahebs. The massacre of the Europeans which occurs so often in the different exhibits appears, so far as anything can be stated with any degree of confidence in this case, to have originated with Anna Bawa, the man who was concerned with Khiru in introducing the false Mahanto to Rambhat, whether it was suggested with the intention of its being carried into execution, or whether it was merely part of the general scheme for playing upon Rambhat's credulity and stupidity, seems quite an open question. That the suggestion was accepted and discussed seriously by at least some of the prisoners is apparently clear, but having regard to the ludicrous nature of the proceedings of the few persons assembled at Rambhat's, and to the difficulty of determining what in reality was done, it seems impossible to hold that any open or manifest act was committed in furtherance of the project. The conviction therefore under section 121 cannot be sustained.

The Resolution then proceeds to consider whether there is evidence that the prisoners were guilty of "confederating and conspiring together to wage war against the State of Kohlapur, or to attempt to wage such war, or to abet the waging such war," and draws the following conclusions :—

In dealing with these questions it has been necessary to go at some length into the evidence in order to determine, not only what weight is to be attached to the evidence of the witnesses, but what is true or probable and what false or exaggerated. With regard to the witnesses who speak to the treasonable talk and frequent meetings, two observations suggest themselves : one, that the evidence of some of them is so extraordinary as to be almost incredible ; and the other, that if the evidence of others—notably Nos. 3, 36, 38, 39 and 40—be true, they ought to have been placed beside the other prisoners in the dock. An epitome has been given of the evidence of all the witnesses in this branch of the case, it is needless therefore to say more. The Assistant Political Agent appears to have been impressed with the necessity of carefully sifting their statements "in order to arrive at the real facts, and avoid being imbued with the wrong ideas that they have imported in order to exaggerate their share in the matter." Though apparently he subsequently accepted their statements if in any way tallying with any portion of the statements of prisoners 1, 2, 3, 5, 7 and 11 ; otherwise, with reference to prisoners 4, 6, 8, 9 and 10, it is difficult to understand what foundation there was for the remark that Rambhat "was the prime mover in the insurrection, planned the murder of the Europeans, held the meeting at his house, sent for recruits, persuaded them to join, collecting arms, was in constant communication with Anna Bhawa, and had agreed to put Chimasaheb on the gadi." The Assistant Political Agent and the Assessors have placed reliance on the statements of those prisoners who had confessed at different stages before the 2nd Class and the committing Magistrates, and rightly, for though they were subsequently retracted at the trial it is incredible that such ignorant, illiterate men could have concocted the details they give, though at the same time it is to be observed that it is obviously improper to conduct examinations as these were conducted, the prisoners being frequently produced, probably from the custody of the Police, to confess a little more and again a little more. Notwithstanding taking the evidence and the confessions as a whole, and making every allowance for manifest exaggerations, it cannot be doubted that the charge of conspiracy was sufficiently substantiated in law. It is, however, impossible to avoid the conclusion that a breadth and significance have been attributed to the combination far greater than the evidence justifies. Much of the talk about the large bodies, the general insurrection, &c., was evidently bombast and must be classed amongst the "other wild dreams" spoken of by the Assistant Political Agent as "palpably engendered of ganja" or brought into being by Khiru the sorcerer. It is impossible to suppose that if there had been anything more than mere talk of the masses of men assembling and marching from place to place ready to put on the gadi a wandering gosain who.n even Rambhat, whose stupidity was equal to, if not greater than, that of the other prisoners, had the following charges, knew to be an impostor, the police or the authorities would not have got scent of the unusual commotion. But, in fact, the means at the disposal of the conspirators bore no proportion to their designs or dreams, and the combination never exceeded very narrow limits. That there were vague rumours about Chimassheb having come to Kolhapur, is tolerably certain, but probably they were disbelieved and were treated much as the Mamladar treated them who, when the Wordi Major, witness 32, an old servant of Chimasaheb, told him of the imposture of prisoner 1, replied : "Never mind, the man is a scoundrel."

Dr. de Jongh's Light-Brown Cod Liver Oil.—In Debility of Adults its efficacy is unequalled, Rowland Dalton, Esq., District Medical Officer at Bury, St. Edmund's, writes : "The effects of Dr. de Jongh's Oil are sure and most remarkable, especially in that broken-down state of health and strength which usually precedes and favours tubercular deposit. It has certainly been the only means of saving my life on two occasions ; and even now, when I feel out of condition, I take it, and like it unmixed with anything, as being the most agreeable way." Sold only in capsuled imperial half-pints, pints, and quarts, by all chemists, druggists and storekeepers. Sole consignees : Ansar, Harford and Co., 77, Strand, London.

BENGAL.

The Imperial Silver-Lead Mining Co.—There was quite a commotion at the Goodeve chambers yesterday morning, when Mr. Franks, one of the bailiffs of the Calcutta Court of Small Causes, entered apartments 15 and 16, and under a writ, issued at the instance of Messrs. Burn and Co., seized the whole of the office property belonging to the Imperial Silver-Lead Mining Co., Ld.—*Statesman*, June 9.

The Calcutta Zoo.—The two American bisons which were imported to Calcutta lately, are, we regret to hear, both dead. This was, we learn, attributable to the small cages in which they were shipped across from America.—*Id.*

A Curious Crow.—Mr. Routledge, the well-known naturalist, has become the fortunate possessor of a *rara avis* in the shape of a handsome stone-coloured Indian crow. During the violent storm on the 18th of last month this bird was picked up in the streets of Calcutta by a native, and was purchased from him by Mr. Routledge. The colour of the bird is exactly that of a dove ; the plumage of course being much more beautiful.—*Id.*

Presentation to a Circus Proprietor.—The ex-King of Oude has had a handsome and valuable gold medal made in Calcutta, and has forwarded it to Signor Chiarini, of the Royal Italian Circus, as a token of his approbation and esteem. Signor Chiarini refused to accept payment for a private performance of his at Metiaburj before the ex-King and his zenana, and the medal was therefore sent with a very complimentary letter.—*Id.*

The Calcutta Custom House.—On the re-opening of the public offices, after the Hindu holiday, on Wednesday last, a pretty large amount of work was done at the Custom House, in spite of the incessant rain and the foul weather in the morning. The number of *challans* issued on that day is said to have exceeded 400 and the total amount of collections made are estimated at about Rs. 2,01,000. The amount realised on account of duty on bonded and imported salt alone was Rs. 1,76,000, and that received on account of duty on general merchandise, together with other miscellaneous receipts, was about Rs. 25,000.—*Indian Daily News.*

A Swindler Caught.—Mr. Bees *alias* Sir Sidney Vernon Harcourt, K.C.B., who was arrested at Benares by Mr. Lambert's able Punjabee detective officer, on a warrant from the Secretary of State, is to be sent home shortly. He is now a prisoner in the "lock-up" of the Deputy Commissioner of Police under charge of Inspector Johnson. Bees is a young man of about 25 years of age, and is alleged to have made away with certain documents belonging to a Glasgow Bank. He travelled through Calcutta and had proceeded as far as Benares, when Mr. Lambert's Punjabee detective sought employment under him as a guide to show him over that interesting city. The impediment of speech and other descriptions of him having struck the detective as accurate, he arrested him, and on the production of his warrant, Bees surrendered himself. It is not known whether he will be bailed or not, but a telegram has been sent to England to his attorneys to apply for bail. If the application is not successful, the Deputy Commissioner here will arrange for his passage by a direct steamer.—*Id.*

The "Dushorara."—The anniversary of the birth of the River Ganges, or the *Dashahara* festival, was celebrated on Tuesday last by the Hindoos. This day is held in their estimation as a most holy one. According to the Hindoo *shastars*, this sacred river was brought down from heaven for a special purpose, by the earnest supplications of the Great Bhagiruth,—*i.e.*, to save his descendants from the infernal regions ; and it is believed by the Hindoos, in consequence, that those who bathe in this river (the mother Ganga) will be entirely cleansed from their former impurities for the rest of the year. And for this purpose, as also to make *poojah* and offerings, crowds of people annually visit Calcutta from all parts of Eastern Bengal during this festival, and take up their abodes on the banks of the river. Now that the waters of all the other holy rivers overflowing their banks at this season of the year find their way into the River Ganges, so that by bathing in this river they have the advantage, as it were, of bathing in the waters of all the holy rivers. The trading community spend large sums of money on this occasion in the observance of the feast, the rice merchants in particular. Garlands of flowers, among the other offerings such as sheeps, goats, &c., are said to extend from one end of the river to the other. As a rule, it is a duty incumbent on the poorest man to spend something on this occasion.—*Id.*

Mutiny on the High Seas.—The s. s. Birnam Wood, Captain W. O. Gregory, 1,333 tons, left Cardiff on the 11th December, 1880, and arrived in Bombay port on the 29th April last, where she discharged her cargo and took in ballast, her next destination being Calcutta. On Monday evening, the 16th May, but twelve of her crew refused to do duty on the morning of that date. They were prosecuted by their commander, and on conviction were sentenced by the Chief Magistrate of Bombay, Mr. Ryan trying the case, to four weeks' rigorous imprisonment, but in consequence of no seamen being available to work the ship, he directed that the prisoners be put on board her, which was done by

ZOEDONE FOR INDIA,

A DELICIOUS SPARKLING BEVERAGE FOR DAILY USE.

ZOEDONE

Is Exhilarating, yet Non-alcoholic.
May be taken continuously as a Substitute for Alcoholic Liquors with the most beneficial results.
Will keep good after being opened, and retains its Sparkling Qualities to the last.
May be drunk by persons of every age, and at all times.

Dr. G. S. Ranking, Surgeon, Indian Medical Department, writes of it thus :—"I am of opinion that in 'Zoedone' is to be found a complete solution of the problem which has long exercised the minds of the medical profession in India, viz., the discovery of a beverage which shall assuage thirst, restore nervous waste, and, while being palatable, be also non-alcoholic. It is my firm conviction that if 'Zoedone' be introduced into India it will meet all the requirements of those who wish to restore their nervous systems without impairing their livers."

From Dr. Lucas, Bombay Medical Department, Author of "The Elements of Indian Hygiene," &c. : "I am of opinion that the invaluable aerated beverage 'Zoedone' deserves the highest attention at the hands of the Indian public ; it is not only health-giving drink, but essentially, containing as it does the quadruple phosphates of iron, lime, potash, and soda, a health-restoring drink par excellence reviving and refreshing the vital powers. It would be a blessing indeed if we could see it introduced into hotels, restaurants, regimental messes, and canteens. To weakly females in India it would decidedly tend not only to the amelioration of their own health, but that of their offspring, the future generations of men and women. I need scarcely allude to its indication as a remedial and dietetic agent in cases of malarial cachexy, phthisis, &c., the cost at which it is sold should in itself commend 'Zoedone' to the people in India."

It is impossible to buy a better watch for the price. Excellent time-keepers, durable, perfectly dust, tight, they are the very watch for India, and a great boon to all those who use a watch, not as a luxury but as a necessity in life.

In order to protect these watches from inferior articles sold in the markets under similar names, we engrave or stamp our name on all of them.

Two years' guarantee. Sent post free to any station in India.
